OUR HISTORY:

“1920 ► 2020 100 YEARS IN BUSINESS”

IITC was established in 1920 and after 100 years of trading is now one of Ireland's leading distributors of Hardware, Wire, Steel, Salt, Plumbing materials and bathroom supplies.

In it's early days in the 1920's IITC was an import and export company operating from a premises in the South Mall in Cork trading in such items as slag, coal, cement, tiles, yarn, butter boxes and egg cases. In 1935 IITC moved to a new site at Rocksavage in Cork. During the subsequent decades the business expanded into supplying hardware and plumbing goods primarily to the Agricultural sector and focused solely on importing and distributing in Ireland. Further expansion followed in the 1960's when a steel and wire distribution business was established at Copley street Cork.

Having established itself as a significant wholesaler in the South with a strong loyal customer base, IITC opened a distribution centre in Dublin in 1990 to service the Midlands, the West and Northern parts of the country.

In 2002 IITC relocated from Rocksavage & Copley Street to a purpose built facility at Tramore road, Cork where our head offices and main distribution centre are located on a seven acre site. Further expansion followed with the acquisitions of Hibernian Salt in 2004 and Irish Salt Company in 2017 firmly establishing IITC as one of the leading salt distributors in Ireland.

In 2018 IITC opened a new distribution centre in Naas, County Kildare comprising 90,000 square feet of warehousing on a 7 acre site. This facility will cater for IITC's growing business in Leinster, the Midlands, the West and the North.

“EXPERIENCE AND KNOWLEDGE”

OUR PEOPLE:

IITC currently employs over 120 people.
